WELCOME TO THE 2019 COMMUNITY SERVICES INSTITUTE

Thursday Panel Talks Youth, Activism and Inclusion

Yesterday, the 60th Annual Pennsylvania AFL-CIO Community Services Institute kicked off its first full day of content with a panel featuring young union activists. The panel, moderated by Community Services Labor Liaison

Daniella De Leon, discussed inclusion, engagement, and the impact of technology on the future of 21st century unionism. We are so proud to have these incredible union activists leading the way, right here in our Commonwealth!

Yesterday, CSI 2019 Joined Hahnemann Hospital Rally

800 members of the Pennsylvania Association of Staff Nurses & Allied Professionals (PASNAP) have been working tirelessly to fight to save their hospital. Hahnemann fulfills a critical public health need in the Philadelphia region, where every major hospital has Emergency Room wait times above the state and national averages. Our sisters and brothers of PASNAP ask that you make a phone call to Governor Wolf TODAY in solidarity with them. **Call (717) 787-2500** and ask Governor Wolf to save Hahnemann hospital to preserve patient care. We can use our union power to protect ourselves, our hospital, and our communities.

Our 2019 Community Services Project

The Veterans Multi-Service Center (VMC) was founded in 1980 by local Vietnam Veterans, who built a memorial along the Philadelphia waterfront and discovered a sense of community unparalleled. Since then, our innovative programs have grown to serve over 6,500 Veterans and families annually throughout the tri-state area.

TOMORROW

Our Community Services Liaisons will share their experiences, projects and plans for the future. Be sure to bring your questions and ideas for getting involved in your own community!

Today: The United Way ALICE Program

Today, Community Services Liaison David Madsen and United Way of Pennsylvania President Kristen Rotz will give a presentation of the recently release ALICE data project. ALICE stands for Asset Limited, Income-Constrained, Employed. These are working people who are making above the federal poverty line, but not enough to live sustainably in their communities. 24% of Pennsylvanians are ALICE.
